Profile

Self-taught developer with 2+ years of experience working at a small startup. Proficient in **JavaScript/TypeScript** and **Vue.js**, with a strong focus on writing clean, maintainable code. 🙌 Please check canboztepe.com 🌐 for more information.

Professional Experience

08/2020 – 11/2022

Junior Front-End Developer

Turkey

Opsis Optimizasyon ve Planlama Sistemleri

Contributed as part of a small developer team at a startup, working closely with a Senior Fullstack Developer.

- Designed and developed production-ready Vue components according to the senior's specifications, ensuring cross-browser compatibility and mobile-friendly design.
- Developed interactive user interfaces using the Buefy component library.
- Implemented tools like vue-router, vuex & vue-i18n. (Navigation, state management, language support, etc.)
- Designed and developed the entire frontend of a travel management application using Vue.js, enabling employees to book, manage, and track travel requests seamlessly.

06/2020 – 08/2020

Intern Front-End Developer

Turkey

Opsis Optimizasyon ve Planlama Sistemleri

I completed a 3-month internship focused on front-end web development, primarily utilizing Vue. Throughout the internship, I collaborated closely with a senior developer to build responsive user interfaces, troubleshoot bugs, and optimize application performance.

Education

2011 – 2012

Electrical and Electronics Engineering

Melbourne, Australia

Swinburne University of Technology 🌐
